

Notice to contributors

All manuscripts should be sent by e-mail to the editor: vydrine@gmail.com, as attached files, in the format IBM PC-Word (DOCX, DOC or RTF). As the basic font, TimesNewRoman is recommended, and the font Doulos SIL is recommended for non-standard characters. If a non-Unicode font is used, it should be attached.

The stylesheet of Mandenkan is based on the Generic Style Rules for Linguistics:

<http://www.eva.mpg.de/lingua/pdf/GenericStyleRules.pdf>

The manuscripts should be presented in A4 format, with a font size of 14 points (minimum 13 points for charts), line spacing set to “exactly 19”, and margins 2 cm each side. The first line of each paragraph (except for glossed examples) should be indented by 0.8 cm; for the footnotes, the font size is 13 points, the line spacing “exactly 18”. Glossed phrases are to be represented as tables (with invisible lines). Glosses should be made according to the Leipzig glossing rules:

<http://www.eva.mpg.de/lingua/resources/glossing-rules.php>

For Bamana and Maninka, please use the standard list of glosses:

<http://cormand.huma-num.fr/gloses.html>, <http://cormand.huma-num.fr/cormani/gloses.html>

An abbreviation list should be given at the end of an article in a table form.

For the references, use Unified Style Sheet for Linguistic Journals. It is strongly recommended to use Zotero program.
